

Politics, Health, and Health Care: Selected Essays

Two towering figures in the field of health care policy analysis, Theodore R. Marmor and Rudolf Klein, reflect on a lifetime of thought in this wide-ranging collection of essays published in the wake of President Obama's health care reform. Presented as a kind of dialogue between the two, the book offers their recent writings on the future of Medicare; universal health insurance; conflicts of interest among physicians, regulators, and patients; and many other topics.
