

# Fundamentals of Nursing: Standards and Practice (Fundamentals of Nursing (Delaune))

Fundamentals of Nursing: Standards and Practice, third edition, highlights the core themes for the introductory nursing student, including nurse, person, health, and environment. This text provides comprehensive coverage of fundamental nursing concepts, skills, and standards of practice that challenge you to learn and apply critical thinking skills for culturally diverse populations in a variety of environments. Research, evidence-based practice, and emerging practice issues are highlighted to help you prepare for delivering care across a continuum of settings.
