

The Best-Kept Secret in Health Care: No Drugs or Surgeries Required

The Best Kept Secret in Health Care is about a relatively unheard of specialty in chiropractic called Upper Cervical Care. Upper Cervical care has been helping thousands of people around the world improve their health and get their lives back. Upper Cervical doctors have been helping people with common conditions like headaches, back and neck pain, sleeping problems, weakened immune function, as well as chronic illnesses or conditions they were told they would have to live (or die) with such as Multiple Sclerosis, Fibromyalgia, Diabetes, high blood pressure, Trigeminal Neuralgia, Meneires Disease, and many other debilitating illnesses that traditional medical treatment has been unable to cure or relieve. Therefore, the audience for this book is everyone who is concerned about their health, especially those who are looking for an alternative to prescription drugs or surgery. This book written to let the secret out and tell the world about Upper Cervical.
